Civic Engagement/Service-Learning Common Final Reflection Assignment
Center for Service-Learning and Experiential Learning Support

1. How did the service-learning project help you understand, apply, and/or create meaning from the course content?

2. How did the course content help you understand, prepare for, and/or develop your final service-learning product or outcome?

3. If you were able to go back and repeat the service-learning project is there anything you would change about the experience or your role in it? What advice can you give to future SL students?

4. What have you learned about (or changed in the way you think about) yourself, the people you have "served", and the issues our community face? What professional, academic, or personal skills have you developed?
